Commencement 1975: A Day To Remember

Two hundred thirty-five graduates received their diplomas at Gardner-Webb College commencement as the speaker urged them to be aware of their American heritage and do something positive with their lives.

Harris T. Remley, Supervisor Civic Affairs, Family Lines System, Jacksonville, Fla., told the graduates, "I believe there are more good than bad things happening in the U.S. every twenty-four hours."

More than 2500 graduates and their families and friends sat under sunny skies at the Seaboard Coastline railroad public relations man told them "we need an old fashioned spiritual awakening in America."

"If there was or is an energy crisis," he told them, "it is a disease of the American backbone."

He also added, "The United States is the only country in the world with a waiting list of people who want to come in. America is still a place where you can worship as you please, elect those who represent you, and believe what you want."

Two members of the college family were cited for their service upon retirement.

Mrs. Nettie R. Gidney, assistant professor of voice, served the college from 1945-47, and 1953 to the present.

Rev. Crouch told the group "The greatest response is the gift of your own life to God."

The Floral Loan Fund, established in 1970, originated at Mrs. Buena B. Carpenter's funeral at her request and amounts to over $400. Her wish was that the money be loaned to those who are preparing for any phase of full-time Christian service.
